

Tuvaluan Dictionary

English – Tuvaluan

A vocabulary of 10,399 entries

Compiled by Kelly Roy

How to use this dictionary

This dictionary translates English words and phrases into the Tuvaluan language. Entries are arranged alphabetically. Each entry shows the **English word** in bold, followed by an optional grammatical label (such as *verb*), and then its Tuvaluan translation.

Example

build *verb* ati

Guide words at the top of each page show the first and last headword on that page, helping you find entries quickly. A coloured band marks the start of each new letter of the alphabet. Some English words have more than one Tuvaluan equivalent and therefore appear in more than one entry.
